

## Installing and Connecting to eduroam on Linux

The following one-time installation will enable you to connect to eduroam automatically, whenever the service is in range.

Note: installation is to be carried out by Weizmann Institute employees only.

- 1. Access cat.eduroam.org via your browser.
- 2. Click eduroam user: download your eduroam installer.

3. Click **Weizmann Institute of Science** on the window that pops up. If connecting from overseas, select to show institutions in **Israel**.
