Zoom Client for Meetings

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

[Download](#) Version 4.6.7 (18176.0301)

Microsoft Outlook Add-in

The Zoom add-in for Outlook on the web installs on the Microsoft Outlook side bar to enable you to start or schedule a meeting with one-click.

[Add Zoom](#)

[Download Zoom Plugin for Microsoft Outlook](#)

Download and install Zoom

3. Find Zoom.pkg in the Downloads folder, and install it.

Zoom.pkg

Log in and start Zoom

1. Open Zoom from the Applications Folder
2. Log in by selecting the **Sign In** button

Log in and start Zoom

2. Select “Sign in with SSO”

The screenshot shows a web interface for signing in. On the left, there is a "Sign In" section with a "Sign Up Free" link. It includes input fields for "Email" and "Password", a "Forgot?" link, a checked "Keep me signed in" checkbox, and a "Sign In" button. On the right, there are three social login options: "Sign In with SSO" (with a magnifying glass icon), "Sign In with Google" (with the Google logo), and "Sign In with Facebook" (with the Facebook logo). A vertical line and the word "or" separate the two sections. A "< Back" link is located at the bottom left of the form.

Log in and start Zoom

3. Enter your company domain – weizmann and press **Continue**

Sign In with SSO

Your company domain .zoom.us
